

LP80, LP110
 ALSO AVAILABLE IN PROJECT PACKS.

LOPROFILE™

Fan Series

The right fan for a tight fit.

The BROAN LoProfile™ Series is the preferred solution for installations where conventional ventilation simply won't fit. Where multi-family applications require it, the LoProfile™ fan is narrow enough to be installed in a wall between 2x4 studs. When plumbing or electrical obstructions are found behind the drywall in ceiling remodel applications our LoProfile™ fan can still fit without having to move anything. And that means most any room with space constraints can have powerful, quiet, efficient ventilation.

The oval connector accepts standard 4" duct, or 3" duct with the supplied adapter. *LP80 only.*

Model Number	CFM	Sones	ENERGY STAR®	HVI Certified	Housing Pack
LP80	80	1.0	Yes	Yes	N/A
LP80F	80	1.0	Yes	Yes	LP80H
LP110	110	1.5	Yes	Yes	N/A
LP110F	110	1.5	Yes	Yes	LP110H

Housing packs include rough-in housings only. Finish packs include motors and grille assemblies that can be ordered nearer to project completion.

Electrical connections can be made through the top or the side of the housing.
